

TECHNOLOGY THAT SERVES THE MISSION

Our Impact on Churches

Helping churches build reliable, sustainable production systems -
with the technology, training, and support to move ministry forward.

DOCUMENTED SUPPORT & SAVINGS

\$55,650+

Across equipment savings, labor, shipping, and sales tax support.

TECHNOLOGY THAT SERVES THE MISSION

Our Impact on Churches

Stingray Productions partners with churches to design, install, improve, and support audio, video, lighting, LED, and production systems that are reliable, practical, and built around ministry needs.

\$55,650+

DOCUMENTED SUPPORT & SAVINGS

A combined minimum value based on the impact categories below.
Actual project impact may be higher.

EQUIPMENT SAVINGS

\$45K+

Helping churches reduce equipment costs with practical system design and better purchasing decisions.

LABOR SUPPORT

\$6.5K+

Project labor support invested to help ministries complete work and get systems operating.

SHIPPING SUPPORTED

\$3.5K+

Shipping expenses absorbed on projects to reduce the burden on ministry budgets.

SALES TAX SUPPORTED

\$650+

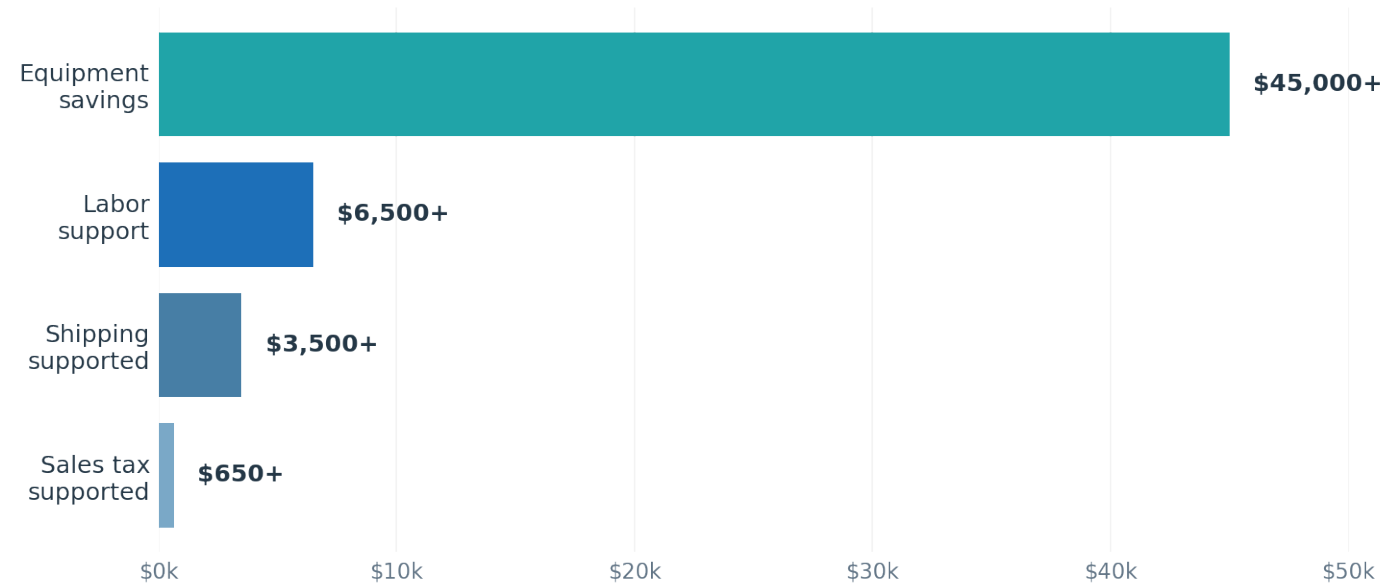

Additional project costs offset so more budget can stay focused on ministry.

More than a vendor.

We believe churches deserve a production partner who understands both technology and stewardship. Our work is designed to create dependable systems, equip teams, and provide someone to call when technical challenges arise.

Where the impact comes from

A visual breakdown of the minimum documented value represented in this statement.

DESIGN

Systems built around the church, facility, team, and future growth.

INSTALL

Professional integration and configuration that works as one system.

TRAIN

Practical training that helps staff and volunteers operate with confidence.

SUPPORT

Ongoing technical help, troubleshooting, and system guidance when needed.

PROTECT

Smarter technology investments that prioritize reliability, value, and stewardship.

**LET'S BUILD SOMETHING THAT SERVES
YOUR MINISTRY.**
